

# Eton Cares Program<sup>®</sup>

## Individualized, Comprehensive Patient Support

Designed to coordinate rare disease access and coverage so patients can start therapy quickly.

### **\$0 Copay for Eligible Patients\***

We help ensure patients have access to affordability support, so cost doesn't delay therapy.

### **Enhanced Prior Authorization Support to Help Navigate Access**

Through our partnership with CloudTop Health, a HIPAA-compliant access platform, we support insurance verification, prior authorizations, and appeals—coordinating information, tracking progress, and helping patients move to therapy without delays.

### **Dedicated Care Coordination**

Each patient receives a welcome call from a Care Coordinator at Anovo<sup>®</sup> Specialty Pharmacy to confirm the prescription, review next steps, and answer questions.

### **Financial Assistance Review**

We evaluate assistance options based on insurance type and eligibility, including \$0 copay support, limited free drug options (Quick Start or Bridge) and a Patient Assistance Program (PAP).

### **Medication Delivery and Therapy-Start Support**

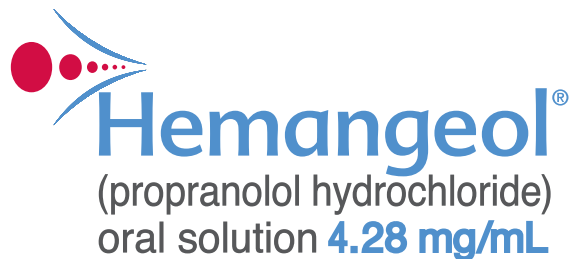

Delivery is coordinated around the patient's schedule, with guidance on dosing, storage, product use, and refill expectations.

### **Ongoing Clinical Support**

Patients receive proactive outreach, refill reminders, safety alerts, and pharmacist access, including monthly check-ins after therapy initiation—reducing after-hours calls to your office.

### **Nurse Ambassador Support**

A dedicated Nurse Ambassador provides clinical education and ongoing support for families needing additional hands-on guidance.

**eton**  
**CARES**

Rare disease support,  
reimagined for real-world practice.

You prescribe. Eton Cares helps move care forward.

All prescriptions must be submitted to Anovo Specialty Pharmacy.

### Call Anovo:

- 1-833-486-5950
- Monday - Friday 8:00 am - 5:00 pm CST

### Fax the referral form to:
